

The Trent Hills Public Library now subscribes to Overdrive Advantage. What this means is that in addition to the materials currently offered, we are now also purchasing e-books, and audiobooks to create a collection just for you! All titles that we purchase will be exclusively available to our Trent Hills Public Library members, not anyone else in the consortium. This Advantage means:

- Reduced waiting lists on popular titles
- Custom collections of titles developed specifically based on the demand and interest of our patrons.
- Continued access to the titles we still share with other libraries in the consortium.

Here are the materials that we have purchased so far:
